Acclaimed harpist Lily Neill returns to the DC-area for a special, one-off performance! Lily has performed all over the world, and this concert will highlight her love of the music of Finland, where she lived while a student studying at the prestigious Sibelius Academy. Listeners can expect to hear a dynamic performance, featuring Lily's original compositions, Finnish tangos, traditional 19th century dance music from Finland's western coast, and an array of material from Lily's travels across the globe!
